

Beauty and Style throughout...

This top of the line beauty has it all! Built by Silvercrest, this elegant yet warm and comfortable home features 1,440 square feet of beautifully designed living space. The open, spacious living room with dramatic vaulted ceilings and warm fireplace provide a view of the backyard, a private tropical paradise and majestic mountain vistas. This versatile floor plan offers many options depending on your lifestyle....

The den/office area could also be used as a media room or converted to a third bedroom. The newer upgraded carpet and window coverings offer a stylish and modern decor. Outside you'll find a lovely grassy yard and garden as well as lush natural landscaping...

Space 213

Ser # A/B6SC4823CA

The bright and cheery kitchen with breakfast bar and tons of storage comes equipped with all the appliances too! Both bedrooms offer walk-in closets. The large master suite features a private bath with both a Jacuzzi style tub and separate stall shower. The guest bath has a double walk-in shower with seating and single sink vanity.
